An Extra-Curricular Student Leadership Development Endorsement Program at Oglethorpe University
Oglethorpe University Mission

Oglethorpe educates students to be citizens in a global world, *readies them for responsible leadership*, and empowers them to pursue meaningful lives and productive careers.

We strive to help our students successfully transition to college, graduate in four years, and be prepared for life after graduation.

Overview of the Oglethorpe Leadership Institute (OLI)

OLI is a four level, self-paced leadership endorsement program open to all students. Level 1, *Self*, explores personal foundations of leadership to enhance self-awareness. Level 2, *Team*, focuses on applying the self-awareness learned in year one to relationships that will ultimately heighten abilities to work collaboratively. Level 3, *Community*, applies systems thinking and the knowledge gained in previous levels to facilitate change in real-world issues. Level 4, *Career*, examines how leadership is practiced in one's chosen professional field. *This is a not-for-course-credit opportunity.*

Students who complete each Level will earn a leadership endorsement on their co-curricular transcript. Students can begin the program at any point during their time at Oglethorpe and work at their own pace.

Institute Format and Applications

Levels 1 and 3 take place over the course of the spring semester. Levels 2 and 4 take place over the course of the fall semester. Participants must re-apply for each level with applications due by the second Friday of classes at 5:00pm. Applications can be found under the *Forms* section at [connect.oglethorpe.edu/organization/OLI](http://connect.oglethorpe.edu/organization/OLI) after signing in with your OUConnect login information.
Institute Selection Criteria and Minimum Expectations

All students in good standing in regards to student conduct as well as having a 2.5 GPA (or greater) are eligible to apply for OLI. Emphasis for selection into the program will be placed on effort given on the application submitted by the student and less so on prior leadership experience.

It is expected that students are absent no more than once during each Level’s 6 meeting sessions throughout the semester. Additional absence may require the student to restart the Level the following year.

Learning Outcomes

The learning outcomes below are what guide OLI objectives and what is hoped participants will gain from the program.

<table>
<thead>
<tr>
<th>Level 1: Self</th>
<th>Level 2: Team</th>
<th>Level 3: Community</th>
<th>Level 4: Career</th>
</tr>
</thead>
<tbody>
<tr>

<td>• Understand the leadership culture and practices in their chosen profession Modify leadership practices for success in diverse contexts/cultures Develop leadership in others</td>
</tr>
</tbody>
</table>
OLI Theoretical Groundwork

The Social Change Model of Leadership is the cornerstone of OLI. The Social Change Model believes that leadership is a values-based process whereby a leader must explore their individual values and collaborate with others in order to create positive social change for the community (HERI, 1996). Program participants will explore each component of the Social Change Model throughout the program.

In addition to the Social Change Model of Leadership, OLI utilizes Authentic Leadership (George, 2003). According to George, “leadership begins and ends with authenticity.” Authentic leaders genuinely strive to serve others by empowering the people they work with to make a difference. In order to become an authentic leader, one must develop their own leadership style, consistent with their personality, character, and values. George proposes that authentic leaders demonstrate five qualities:

- Pursuing purpose with passion
- Practicing solid values
- Leading with heart
- Establishing enduring relationships
- Demonstrating self-discipline
Level Contents
